

## 25.1.21 Maths

### Hook

Jenny says that if she has 47 sweets and she gives 23 to her friends she will have 21 sweets left. Is she correct or incorrect? Show your working out.

**Task 1** Draw the base 10 of the bigger amount and then cross out the amount you're taking away.

$34 - 22 =$

$67 - 32 =$

$79 - 63 =$

$87 - 25 =$

$98 - 81 =$

$75 - 52 =$

### Task 2

Calculation	Correct ✓	Incorrect ✗	Explain your answer.
$76 - 34 = 42$			
$68 - 46 = 23$			
$39 - 21 = 60$			
$53 - 22 = 31$
